

WHAT TO DO WHEN STOPS HAPPEN

1. Watch Replay

Check the NoPileups screen for a video of the stop.

2. Reposition Vehicle

If the car is off the roller, put it back.

3. Check NoPileups

If the red box is not aligned with the car, use the ROLLER or IGNORE button.

Hopped Roller?

Press the ROLLER button

Problem Vehicle?

Press the IGNORE button

Ignored Vehicles Are Not Monitored

If you ignore a vehicle, escort the car safely out the tunnel.
